

## BEN TILLMAN TALKS NEGRO UNDER GUARD

But No One Desired to Disturb  
the Senator.

### SENATOR CONDEMNS ROOSEVELT

Tillman Says President Acted Illegally and Punished Innocent with the Guilty—Expressed His Usual Views on Question.

Chicago, Nov. 28.—The efforts of the negroes of Chicago to prevent United States Senator Benjamin R. Tillman from delivering an address here Tuesday in Orchestra hall because of the position he has assumed toward the negro race was unsuccessful.

When the South Carolina senator arrived early in the afternoon he was told of threats of injunction proceedings to prevent him appearing on the speaker's platform and of a money consideration that had been offered if he would cancel his engagement, but Mr. Tillman declared it made no difference to him what the colored people of Chicago did, he was going to fill his engagement, and he kept his word.

From the time he arrived in Chicago Senator Tillman was guarded by police and private detectives and will be until he leaves for Fond du Lac, Wis. This is in accordance with an order issued by Mayor Edward F. Dunne, who was scheduled to preside at the meeting but who refused to have anything to do with the affair after a committee of negroes had visited him a few days ago and offered strenuous objections to Senator Tillman's appearance on the speaker's platform.

Senator Tillman gave his address protected by forty detectives under command of Assistant Chief of Police Schuetzler. In anticipation of trouble, a number of policemen were kept in nearby stations in reserve, but they were not called for. Six negro policemen mingled with the crowd of white people and negroes which blocked the street in front of the hall.

In the audience were many negroes, but they listened to Senator Tillman's remarks good naturedly and although he was interrupted many times by those who wished to ask questions, the meeting passed off without any trouble developing.

In leading up to his address "Shall the United States Annex Cuba?" Mr. Tillman criticized Mayor Dunne's action in refusing to preside at the meeting.

"I have been told that I have been forbidden by the mayor of this city," said the senator.

"I never saw Mayor Dunne in my life. I did not ask him to be here tonight to introduce me to this audience, nor did I ask any one else to do so. If any one has been snubbed, it is those gentlemen who planned this meeting to secure money for the Chicago Union hospital, who requested Mayor Dunne, the creature of a political hour, to come forward and add his voice."

"I have been advertised to discuss the annexation of Cuba," announced Mr. Tillman, "in view of the fact that I could not discuss that subject without discussing the race question. I am going to go to the matter head-on and, as a result, I shall discuss the race problem in pure and simple terms from an American standpoint. Owing to my experience with the question and the diligent study I have made of it, I believe I am better qualified than any other man in America to discuss this question. I am going to base my appeal on facts—not on theories."

While discussing the fifteenth amendment of the constitution, which he declared gave the negro every right that a white man had, he was interrupted several times by one of his listeners, who kept asking:

"How about Kentucky?"

Finally Mr. Tillman seemed to lose his temper, and exclaimed:

"Oh, shut your mouth! You don't know the A, B, C of this thing. I forgot forty years ago more than you ever knew."

"You make up your minds that equality before the law, which the fifteenth amendment guarantees, is right and should be enforced notwithstanding its result. If this law was enforced it would result in two states at least, being dominated absolutely by negroes, while four other states would be so near being governed by the negro that there would be practically an equal division of offices."

(A voice: How about the law?)

"The law? To hell with such laws!"

After telling in detail how the negro is prevented from casting his ballot in the south, Senator Tillman said:

"There is a great deal more to this question than the little racket here in Chicago."

A voice: "How about the negro judge?"

Senator Tillman: "Well, I will tell you about your negro judge and about your political machines putting him on your ticket and bamboozling those poor, ignorant boobies into electing him, and then afterwards you follow who voted the ticket without knowing

what was on it, and a way to cheat him out of it.

"No matter what the people in the north may say or do, the white race in the south will never be dominated by the negro, and I want to tell you now that if some state should ever make an effort to 'Save South Carolina' we would show them in their fanaticism that we will make it red before we make it black."

"God Almighty made the Caucasian of better clay than the Mongolian or the African, or any other race. The Ethiopian is the burden bearer. He has done absolutely nothing for history, nor has he ever achieved anything of great importance. There are no great men among the race."

"Yet this people has been picked out by the fanatic of the north and lifted up to the equality of citizenship and to the rights of suffrage. No doubt many of you have listened to the oratory of the greatest colored man of this country—Booker T. Washington. He had a white father, however, and his brains and his character he has inherited from that father."

Senator Tillman then told his audience of the attacks on white women by negroes in the south, and declared that the people of the north were, in a great measure, responsible for his state of affairs.

In conclusion, Senator Tillman said:

"Now, as a general illustration of the injustice that is sometimes done, President Roosevelt discharged without court martial, and in doing this he punished innocent men for the crime of a few. In doing this he transcended the authority of the law, and he ought not to have done it."

During Mr. Tillman's speech a negro and a Russian were arrested for creating a disturbance in the gallery.

### Tells of Destruction.

San Francisco, Nov. 28.—James Donnell, a coffee planter who arrived here on the steamer San Juan, from Guatemala, tells of the destruction of Tutupac during a hurricane which recently ravaged the neighboring coast. Tutupac lies in an out of the way part of Tehantepec and its population amounts to 5,000. When the hurricane was at its height the town was inundated by a rise in the river on which it is situated, and all of the buildings were washed away. The inhabitants sought refuge in trees, but many of them were washed away during the night. The news, so far received from the scene of disaster is not very definite in its character as regards loss of life, but is known that fully 50 people were drowned. Nearly all of the buildings in the town were swept away by the flood.

### Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol. In its make-up, in this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

### COYOTE ATTACKS LAD, IS FINALLY KILLED.

Luther Rogers, a Greenville Lad, Badly Injured—Negro Blacksmith the Hero.

Tearing itself loose from its chain, a half-tamed coyote ran at large on the streets of Greenville, Thursday night attacking several people, among them Luther Rogers, a 12-year-old white lad, whose leg was fearfully lacerated in several places. The wolf was caught by a big negro blacksmith while in the act of chewing the lad's leg. The blacksmith stunned the infuriated animal with a blow from his fist and later stamped it to death.

Several negro men attacked earlier in the evening had their clothing torn by the wolf but suffered no injuries.

The wolf was brought there about a year ago from a Western State. It has generally been regarded as tame and docile, and it is feared that the animal was suffering with rabies when killed. The head will be sent to a pasture institute for examination.

### White Woman and Negro Man Held For Arson.

Minnie Osborn a white woman, and John Wood a negro man, were jailed at Greensboro, N. C., Friday morning, charged with burning the barn of Newton Leonard, on Wednesday night, in which was destroyed four horses, nine cows and a lot of farm machinery.

Leonard and family were asleep and knew nothing of the burning until next morning.

Officials the next afternoon traced two tracks from the building to the home of the woman, where she and the negro man were found together, exactly fitted the tracks.

At the trial evidence will be introduced to show that the woman was the sister of Mrs. Leonard and had been heard to make threats of burning them out. Their father died recently. On account of the life led by Minnie, it is claimed, he left her in his will but one acre of land, on which stands her little home, leaving the large farm and residence to Mrs. Leonard.

### HAD MESSAGE FROM GOD.

Man Was Burning Houses and Gave Strange Reason.

Walter E. Emuey of New York 23 years old, who the police declare has informed them that he has a mission from the Lord "to cleanse and chastise by fire," was arrested the other day, charged with setting the series of fires which created considerable damage in the vicinity of Twenty-third street and Eighth avenue. The police say that Emuey has confessed that he set one of the fires and that he was present when several of the other houses were burning, and also at numerous fires in the upper West Side within the past few weeks.

Editor of the Sentinel-Journal, please publish in your paper that the Federal Grand Jury heard and opened last Monday Nov. 23rd with John E. Bassett as principal defendant in one of the houses who has just returned from Lincoln University where he has been pursuing a course in that school for six years.

In his address to the patrons last night he said in part: "The kind of education needed now is the education of the head, heart, and hand." He emphasized the importance of teaching the children to work. That picking cotton and hoeing corn are just as honorable as any other occupation in life. The tendency of the colored boys and girls is as they become educated to look down upon ordinary labor which is a great mistake."

Curious Coincidences.  
When the Ring theater, in Vienna, was burned, with great loss of life, one of the other playhouses of the Austrian capital was playing Pailleur's "Le Monde ou l'on s'ennuie," when the Stadt theater, in Vienna, was burned another theater in that city was playing "Le Monde ou l'on s'ennuie," and on the evening of the day when the fire in the charity bazaar in Paris took place the Theatre-Francaise was announced to play "Le Monde ou l'on s'ennuie."

Jealousy.  
"That word 'communist,' my dear," observed the young husband, correcting her, "has the accent on the first syllable."  
"How do you know?"  
"The dictionary says so."  
"I never saw a man as prejudiced in favor of dictionaries as you are!" exclaimed the young wife. "I wish you had married a dictionary!"
